PROFESSIONAL SUMMARY

Software engineer and techno-functional consultant with 4+ years of experience in enterprise insurance solutions, data engineering and full-stack development. Proven track record delivering production monitoring systems, ERP solutions and e-commerce platforms. Passionate about scalable architectures, data pipelines and clean code. Holds a state engineering degree in Big Data & Cloud Computing.

PROFESSIONAL EXPERIENCE

DXC Technology Morocco — Technopolis, Sala Al Jadida

Jul 2021 – Present

Jr. Techno-Functional Consultant

GDL · GraphTalk · BDOC · SQL · Batch Processing

Delivering functional analysis and technical development on DXC's enterprise insurance platform. Core responsibilities: data extraction pipelines, batch data processing and CRM document management using in-house tooling (GraphTalk, BDOC). Also handles production support and functional specifications.

DXC Technology Morocco — Technopolis, Sala Al Jadida

Feb 2020 · 6 months

End-of-Studies Internship (PFE)

ELK Stack · Open Distro for ES · Ansible AWX · Logstash

Designed and implemented a production application monitoring system. Built automated log centralization, alerting and Kibana dashboards for DevOps teams using the full ELK stack orchestrated with Ansible AWX.

CameraPack — Tiflet / Rabat

Jun – Aug 2019 · 2 months

Software Engineering Intern

JEE · Spring Boot · Angular · JHipster

Built a lightweight web-based ERP covering inventory, procurement and reporting modules. Full-stack development from database modeling to Angular frontend, plus a company showcase website.

Ministry of Equipment, Transport, Logistics & Water — Rabat

Jun 2018 · 1 month

Observation Internship

Java Android · SQLite · Google Sheets · Apps Script

Developed an Android app for daily monitoring of Morocco's major dams, enabling field agents to record and visualise water-level data in real time.

Ministry of Equipment, Transport, Logistics & Water — Rabat

Jun 2017 · 1 month

BTS End-of-Studies Internship

VB.Net · MS Access

Built a desktop application for public procurement document management.

Provincial Delegation, Ministry of National Education — Khemisset

Aug 2016 · 1 month

Introductory Internship

VB6 · MS Access

Developed a desktop application for scholarship file management for baccalaureate graduates.
